

	TCS CODES	By Michael Guro
	INPUT LINE	FUNCTION
**	/BT _ yard	Bowl turnover - identify blocks on tracks
	/CI _ initial & number	Car inquiry
**	/DI	To delete a train or rail from inventory
**	/DL	To double over a track list
**	/DO	Doubling over tracks to another rail
**	/EJ	To spot cars into industry
**	/FL _ yard _ track	Reverse track order
**	/GH	General hold status added to cars for certain reason at another station
**	/GL	Generate switch list
**	/ID	Interchange deliver
	/IU _ yard _ track	Track inventory update
	/LL14	Locomotive physical characteristics menu
**	/LM	For scheduling a complete cut
	/PI _ S _ 99	All tracks, length, name, capacity, etc.
**	/PI _ T _ 88	Yard inventory
	/PS _ yard _ 99	List all tracks in specified yard
	/PI _ Z _ 99	Access all yard tracks at the /SS circ7
**	/PS	List of all yard patterns
	/PS _ circ7	Pattern summary - track numbers vary from yard to yard
**	/PY _ circ7	Projected yard status
**	/R3 _ circ7	To set station
**	/RD	Track list with hazmat information
**	/RY	Release cars from industry and move to yard
**	/SC	To input scale weights
**	/SL	Switch cars
**	/SP	Used for switching performances
	/SS _ circ7	Sets your circ7 for reviewing yard tracks
**	/ST	Set yard classifications/swing tracks
	/TI _ yard _ track	Track inquiry
**	/TL	Track list in switch list format
**	/TR _ C _ 6	To change turnover report
**	/TS _ circ-7	Train set
**	/TS27	Dispatcher delay function
**	/UJ _ L	Lists all the assigned jobs in clearfield and foremen
**	/YC	Bring car into your yard
**	/YP	Track List
	/YP _ 3892	To get lengths of cars that you are picking up in the yard
**	/YP _ 4686 _ ; _ circ7	To cancel a yard pattern
**	/YS _ yard	Yard summary
**	/YT	Yard transfer
**	/YY	Complete yard transfer
	=AA (fill in fields)	AEI reader/TCS consist comparison report
	=AL	Track warrant request
	=AS	Accident report
	=AS _ I (fill in fields)	Engineers incident report
	=C@_ circ7 _ board _ T _ O	Crew scheduling calender (rest cycle)
	=DL _ circ7	AFHT lodgin listings and phone #'s
	= ID	To print all Train Documents & Track Warrant/Bulletins
	=LD	Info on your taxi - if/when ordered
*	=LD _ (crew disp. Id) _ I	Log for crew limos
*	=LDB _ (crew disp. Id)	To see if ride was called for the crew
	=LM _ L	Locomotive availability
	= LM _ train id _ date	To access engines on a train
	=MC	TE & Y main menu
	=MC _ ssan #	Change personal data
	=ON	To view specified general orders, general notices, superintendent bulletins
	=PE	Non - service time claims
	=PE _ ssan # _ I	Index of claims listed for ssan #
	=PO _ I _ U _ initial & #	Locomotive physical characteristics
	=TE	Field entry tie - up screen
	=TL	Train line - up
	=TU _ train id	To see engines on a train
	=TU _ train id _ date	Update locomotive consist
***	=UI	Identifies the name associated with the user id

	TCS CODES	By Michael Guro
	INPUT LINE	FUNCTION
	=UM _ I _ initial & number	Locomotive master
	=UR _ R _ circ7 _ mm/dd	Work verification slip
	=UR _ R _ circ7 _ job id _ mm/dd	Access pay for a particular trip
	-AL (fill in required fields)	Request track bulletins
***	-FL _ train id _ date _ A _ A	Train performance inquiry
	-IH xxx	List of all AEI readers
	-IH _ site number	AEI reader site menu
	BC _ train id _ date	Train consist
	BC _ train id _ date _ B	Blocking errors
	BC _ train id _ date _ C	Detailed train list
	BC _ train id _ date _ D	Detailed train consist and profile
	BC _ train id _ date _ K	Summary consist
	BC _ train id _ date _ M _ circ7	Work orders
	BC _ train id _ date _ P	Train profile
	BC _ train id _ date _ T	Summary train list
**	BU _ train id _ date	Train summary - last 2 events and delays
	BU _ train id _ date _ D	To access current train summary information
	BU _ train id _ date _ A _ A	Train summary and delays
	BU _ train id _ date _ A _ D	Train delays
*	CS _ train id _ date _ Circ7 _ A _ N _ Q	For scheduled work exam
***	CT _ circ7 _ train id _ date	Will allow you to call a train so that you can put job comments on the JT job file
**	DB _ 5 _ train id	Train schedule
**	DR _ train id _ date _ circ-7	Train activity report (arr, dept, etc.)
	EO	To find circ7 for any city/location
	FD _ F _ name	Search for a name on a board or roster
**	FS _ train id _ date _ circ7	To view train events on work orders
**	GW/initial & number	Scale weight inquiry
	HE _ help	View messages in 'help' user group
	HE _ safe	A user group anyone can use
	HE _ save	View messages in 'save' user group
	HE _ T	View train schedules for each train symbol
	HE _ usergroup	To view all files in specified user group
	HE _ uponline	To access the U. P. newsletter user group file
	HE _ WMC	Message index of miss calls by territory
	HE _ WP	Message index for W. P. jobs under bulletin
	HM _ initial & number	Information on hazmat for a car specified
***	JB _ C _ circ7 _ train id	Inquiry on train crews
	JB _ L _ circ7 _ job # _ mm/dd	Call sheet for particular job
	JB _ L _ circ7 _ train id _ mm/dd_hh/mm	Gets your call sheet
	JD _ I _ circ7	All jobs at a location (condensed)
	JD _ I _ circ7 _ board _ B	List all jobs on that board
	JD _ I _ circ7 _ job #	Job detail description (yard and locals only)
	JD _ I _ circ7 _ job # _ B	View the job date inquiry
	JD _ I _ circ7 _ job # _ mm/dd	Crew composition that date
	JD _ P _ circ7	All jobs at a location (detailed)
	JD _ P _ circ7 _ all	Job description all jobs at circ7
	JD _ P _ circ7 _ board _ B	Detailed inquiry on boards
	JD _ P _ circ7 _ job #	Detailed inquiry on jobs
**	JQ _ circ7	To authorized yard arbitraries for yard crews
***	JT _ train id _ date	To put message on a train for a crew on work order reports
	KB _ circ7 _ all	Displays all boards at that circ7
	KB _ circ7 _ board _ S	Details of how that board operates
	KB _ M	Request how much mileage a board made
**	KR _ initial & number	To kill release on cars not ready to pull
	LQH/H/initial & number	Locomotive maintenance history
**	LU _ circ7 _ date _ A _ D	For line-ups and setouts at circ7
	LZ _ circ7 _ (# hours)	Locomotive/caboose line - up
**	LZ _ circ7 _ date _ T _ Y	For power lineup and last event on a train
**	MS _ (car initials) _ number	Schedule car to train
**	OM/initial & number	Determine offline location
	OV _ G _ all	All vacation groups
	P # _ I _ circ7 _ board	View a list of all jobs on a board
	P # _ I _ circ7 _ board _ ; _ ; _ ; _ all	View jobs bid in seniority order
	PL _ train id _ date	Pick location screen - to view train events

TCS CODES		By Michael Guro
INPUT LINE		FUNCTION
**	PR _ FAX = (fax number)	To fax display
	PR _ printer #	To print, enter PR and the printer #
	PS _ ssan #	Personal status
	PS _ ssan # _ C	Personal status update screen
	PS _ ssan # _ G	Previous payroll period
	PS _ ssan # _ G _ mm/dd _ mm/dd	Pay inquiry for specified period
	PS _ ssan # _ I	Personal status inquiry
	PS _ ssan # _ N	Personal status notification screen
	PS _ ssan # _ S	Personal status special status screen
	PS _ ssan # _ T	Personal status request new turns screen
	PS _ ssan # _ W	Personal status work record screen
	PS _ ssan # - X	Work record
**	PT _ circ-7	Train serving a location profile
	PY _ circ7	Line up of trains to/from a location
**	PZ	Online TCS/switch procedures
	PZ _ CMS	Online procedures manual
	PZ _ CMSPOL	Policy manual
**	PZ _ DELAYRN	Display reason codes for delays
**	PZ _ EXHIBIT	For all codes
	PZ _ function code (example: PZ _ ZB)	Procedure manuals and instructions
	PZ _ SW	Display instructions for user groups
**	PZ _ TE	For TE train annulment and TE functions for rescheduling
**	R5	Show's the number of covered hoppers available to system and ordered
	RG _ 716	To get a list of your train showing car lengths
	RG _ 2329	A list of your train showing car lengths and tonnage
	RG _ 7377	List of your train showing car lengths, tonnage and car destination
	RG _ 16157	Get a list of your train showing car length, weight and next station destination (circ-7)
	RG _ 22286	A list of your train showing car length, tonnage and destination setout circ-7
	RJ	RJ input selection menu
	RJ _ M	Displays qualifier codes for jobs
	RJ _ R _ WRSP	S. P. rates of pay (WRFR for Feather River)
**	RZ _ M _ ; _ circ7 _ yard _ track #	Releases mtys to be loads using customer instructions & clerks
	SD	Lists all seniority roster number
**	SD _ N	For seniority roster for U. P. North Western region
	SD _ roster # _ P	Abrieviated roster
	SD _ roster # _ R	Roster with job assignments
	SM _ circ-7	Will give station information
	SM _ city _ state	Station master to obtain circ7
	SM _ circ7 _ OCC	List all circ7 locations
***	SW _ DUP _ derailments _ IDAX	All car and train derailments
***	SW _ NEW	Used for making administrative message
*	SW _ use _ ODESSANOTICE _ ODES	For safety poster
	SW _ use _ P8bultnindex _ rvzone1	To view bulletined jobs in crew disp area (p8 being Roseville)
	SW _ use _ (bulletin #) - position _ rvzone 1	Job detail description of position up for bid
	SW _ use _ uponline	To view uponline newsletter
	SW _ user _ filename _ usergroup	To view a file in specified user group
	T # (fill in required fields)	Enter circ7/job # to see who bid a job
**	TE _ A	Annul yard job or local train
	TT/initial & number	Total equipment trace
	TTF	Car trace (Total trace no spaces)
	TTF(car initial & number)	Flat car and vans trace
**	TTF/initial & number	Flat car and vans/containers
	TTH (car initial & number)	Hazardous Trace
	TTH/initial & number	Hazmat car inquiry
**	TTS/initial & number	Total trace in TCS
	TTU/initial & number	Car characteristics
**	TTV/initial & number	Vans/container on flat car
	U # _ circ7	View a mileage chart
	UC/initial & number	Complete freight car data
	VC	To access vacation schedule
	VK _ P _ year _ ssan #	Vacation schedule/inquiry screen
	VP _ circ7 _ board	Vacancy procedures for specified board
	VW	Vacation assignments (see OV)
**	VZ	Train Categories

TCS CODES		By Michael Guro
INPUT LINE	FUNCTION	
WH _ (1 - 9) _ ssan #	Work history for specified number of days	
*** WH _ A _ ssan #	Work history for last 60 days	
WH _ D _ ssan # _ mmddyy _ mmddyy	Work history for date range
